

MAILED BY MRS. PINKHAM.

Mrs. W. E. PAXTON, Youngtown, North Dakota, writes about her struggle to regain health after the birth of her little girl:

"I am Mrs. PINKHAM. It is with pleasure that I add my testimony to your list, hoping that it may induce others to avail themselves of your valuable medicine."

"After the birth of my little girl, three years ago, my health was very poor. I had leucorrhoea badly, and a terrible bearing-down pain which gradually grew worse, until I could do no work. Also had headache nearly all the time, and dizzy feelings. Menstruations were very profuse, appearing every two weeks."

"I took medicine from a good doctor, but it seemed to do no good. I was becoming alarmed over my condition when I read your advertisement in a paper. I sent at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and after taking two-thirds of the bottle I felt so much better that I sent for two more. After using three bottles I felt as strong and well as any one."

"I think it is the best medicine for female weakness ever advertised, and recommend it to every lady I meet suffering from this trouble."

"Maternity is a wonderful experience and many women approach it wholly unprepared. Childbirth under right conditions need not be a fearful thing. The advice of Mrs. Pinkham is freely offered to all expectant mothers, and her advice is beyond question the most valuable to be obtained. If Mrs. Paxton had written to Mrs. Pinkham before confinement she would have been saved much suffering. Mrs. Pinkham's address is Lynn, Mass."

Calico's Four Hundredth Anniversary.

Calico was first manufactured in India 1400, that is, its use has been constant for more than four hundred years. William Simpson & Sons, most extensive manufacturers of this country, now produce the best grade of this kind of goods possible to make. Their prints are always attractive, the colors bright, clear and lasting. Dealers as well as buyers recognize this fact, and they wisely give them preference. Ladies who have not worn them will do well to remember this, as the piece of calico which bears the ticket upon which the Simpson & Sons' name is printed, is not only the best that the world has produced for four hundred years, but is doubtless as good as will be made four hundred years hence.

THE BATTLE OF MANILA.

Admiral Dewey's Official Announcement of the Bombardment and Surrender.

THE CASUALTIES WERE NOT NUMEROUS.

Fifty American Soldiers Reported Killed and Forty-Five Wounded in the Assault on the Enemy's Lines—The Fleet Thundered a Salute When Old Glory Was Raised Over Manila.

WASHINGTON, Aug. 17.—Admiral Dewey's official announcement of the bombardment and surrender of Manila has been received as follows:

MANILA, Aug. 13.
To SECRETARY NAVY, WASHINGTON—Manila surrendered to-day to the American land and naval forces, after a combined attack. A division of the squadron shelled the forts and intrenchments at Malate, on the south side of the city, driving back the enemy, our army advancing from that side at the same time. The city surrendered about five o'clock, the American flag being hoisted by Lieut. Brumby. About 7,000 prisoners were taken. The squadron had no casualties, none of the vessels were injured.

On August 7, Gen. Merritt and I formally demanded the surrender of the city, which the Spanish governor-general refused.

[Signed] DEWEY.
Lieut. Brumby is Admiral Dewey's flag lieutenant.

As the Matter Now Stands.
Now that the surrender is officially reported, it can be stated that Manila is being held by virtue of the military occupation and surrender, and not by virtue of the protocol. The difference is said to amount to little in practical results, yet, such as it is, all officials agree that the occupation is the result of the combined military and naval operations. According to Admiral Dewey's dispatch, the surrender occurred about 5 p. m. last Saturday. The peace protocol was signed at 4:33 p. m. on Friday. It is said that the difference in time between Manila and Washington is such that the surrender, reckoned on Washington time, would be about twelve hour ahead of the time at Manila, or about 5 a. m., Saturday. In point of actual time, therefore, the peace protocol preceded the actual surrender of Manila by a few hours. But it is a well established rule of military law, accepted the world over, that a peace armistice or cessation of hostilities, does not become binding upon commanding officers until they receive actual notice of it. This rule is expressed in the United States regulations governing armies in the field.

The Terms of Surrender.
LONDON, Aug. 18.—Following are the terms of surrender at Manila: Capitulation of all the Philippines. Officers allowed to retain their swords and personal effects, but not their horses, during their stay in Manila.

Prisoners of war surrendering their arms will have necessary supplies provided from the treasury. When that is exhausted the Americans are to make provision.

All public property is surrendered. The future disposition of the Spanish troops is to be determined by negotiation between the respective governments.

Arms may be returned, at Gen. Merritt's discretion. Banks will continue to operate under existing regulations, which are subject to change by the United States government.

The commissioners who signed the terms of capitulation are: For America—Gen. Greene, Colonels Whitaker and Crowder and Capt. Lawton.

Account of the Battle.
NEW YORK, Aug. 17.—A special dispatch from Manila, August 13, via Hong Kong, to the New York Journal says: Five American soldiers were killed and about 45 wounded in the capture of Manila.

The Stars and Stripes were raised over the city at 5:40 o'clock in the afternoon. In the bay Admiral Dewey's fleet thundered a national salute.

A Combined Land and Naval Attack.
The combined naval and land forces were employed in the capture of the Spanish stronghold of the Philippines. At nine o'clock in the morning the signal to begin firing was set on Admiral Dewey's flagship.

The authorities in the city and the consuls of foreign powers had previously been notified of the intended bombardment. For two hours great shells were thrown.

Attacked the Enemy in His Trenches.
After the bombardment the troops moved forward to attack the Spaniards in the trenches. There had been no reply to Dewey's bombardment, but the land forces met with a hot reception.

But the onward rush of the Americans could not be stayed. With a loss of five killed and over two score wounded, they drove back the Spaniards and captured the trenches.

The White Flag Was Hoisted.
In a short time the white flag was hoisted by the Don's and 7,000 soldiers, 15,000 rifles and a great quantity of ammunition were surrendered.

The Spanish loss had not yet been ascertained. It is probably several times as large as that of the American forces.

Strength of the Spanish Forces.
The Spanish forces numbered about 3,000 men, but they were well intrenched. Nearly 10,000 Americans were engaged in the assault, and their loss, under the circumstances, is considered small. The Colorado troops were the first to storm the trenches, and every man was a hero.

August Took a Snatch.
When the white flag went up, Capt. Gen. Augusti jumped into a launch from the German cruiser Kaiserin Augusta.

The Filipinos Glad that the Struggle is Over.
The Filipinos are glad that the struggle is over. The shops are again open, the blockade has been raised, and things will soon be just as they were before Admiral Dewey came to destroy Spanish rule here.

August Said to Have Left After the Surrender.
MADRID, Aug. 17.—It is now asserted that Gen. Augusti left Manila after the surrender.

The government has received his report giving details as to the surrender, but it is not yet ready to publish it. It is asserted that Gen. Augusti, on August 7, refused all propositions to surrender.

Instructions to the American Commanders.
WASHINGTON, Aug. 18.—The two American commanders at Manila, Admiral Dewey and Maj. Gen. Merritt, united in a joint dispatch, which was received here late yesterday evening asking for instructions as to the manner of dealing with the various elements, particularly the insurgents, now that the city was occupied by the American forces.

Instructions Forwarded.
After a conference at the White House, in which Secretary Alger and Acting Secretary Allen participated, instructions were sent to the two American commanders. The text of the request for instructions and of the answer was not made public, but Secretary Alger summed up the instructions substantially as follows:

Instructions to Enforce Law and Order.
The instructions are to enforce law and order, and to treat all law-abiding citizens alike.

The instructions are practically the same as those sent Tuesday night to Gen. Lawton. The latter order specifically stated that the insurgents must recognize the military occupation and authority of the United States and the cessation of hostilities proclaimed by this government.

Doubtless the same rule is being applied to the insurgents with the same, although it was not officially stated that such specific orders were made.

Aguinaldo Not Mentioned in the Dispatches.
It is said the joint dispatch from Dewey and Merritt did not in terms refer to Aguinaldo nor did the instructions mention the insurgent leader by name. It is well understood, however, that the desire of the American commander was to have instructions on the manner of dealing with the large and menacing force of insurgents under Aguinaldo who have surrounded Manila for many weeks and who, it is thought, may or have demanded the right to occupy the city with the American soldiers as the Cuban insurgents did at Santiago.

No Recognition of the Insurgents.
It had been thought in some quarters here that the showing heretofore made by the insurgents would lead to their receiving a certain amount of recognition in the way of joint action between the United States forces and those of the insurgents, when the city was occupied, but the instructions sent last night are based on occupation by the United States alone, and as a high administration official summed up the situation:

"There shall be no joint action except between Merritt and Dewey. They will maintain law and order and will treat insurgents and Spaniards alike, requiring all to observe peace and order."

No Report from Gen. Merritt.
Aside from this joint dispatch, the only other word received from Manila during the day was in the brief dispatch from Admiral Dewey announcing the surrender of the city last Saturday. A detailed dispatch from Gen. Merritt was eagerly awaited throughout the day, as it was feared that the sharp engagement of the land forces during the storming of Manila had resulted in some casualties on our side; but no dispatch came from Gen. Merritt up to the close of office hours, except the one in which he joins with Admiral Dewey in asking for instructions.

Secretary Alger concluded from this that the casualties could not have been heavy, as he felt sure Gen. Merritt would promptly report any considerable loss. There was a bare possibility that a cipher dispatch from Merritt had miscarried.

EXPERIENCING SOME TROUBLE.

Enforcing the Curtis Act Revising the Laws of the Indian Territory.

WASHINGTON, Aug. 19.—The interior department is experiencing some difficulty in carrying out the provisions of the Curtis act revising the laws of Indian territory. It provides, among other things, that all annuities, royalties, etc., shall be paid the residents of the territory by the secretary of the interior, but does not make appropriation to defray expenses incurred in this work. This and other provisions of the bill, it is said, undoubtedly will be amended by congress.

The secretary of the interior, who now holds practically the position of governor of the territory, will soon make public regulations carrying into effect the Curtis act.

Supt. Wright, who has been sent to the territory to investigate conditions there, will make a report to the secretary, and the information secured in this way may be used in formulating the regulations.

ONE KILLED AND MANY HURT.

Bad Wreck of a Trolley Car Loaded with Returning Pioneers—Jumped the Track.

NEWCASTLE, Pa., Aug. 19.—Last evening when the Heptasoph pioneers were returning from Cascade Park one man, Cooney Hithue, of McKeesport, Pa., was killed and several were injured in a trolley wreck. There were about 10,000 people in attendance at the picnic, and on the return trip the Newcastle traction trolley cars were crowded with passengers.

As the train was rounding a curve near the grounds, a trailer jumped the track in front of a train going in the opposite direction. Hithue was horribly crushed and lived but 25 minutes. Among those injured were James H. Wyatt and a two-year-old son, of McKeesport, who are badly cut and bruised but will recover.

Carried Down to Death by the Collapse of a Heavy Cornice—Buried in the Debris.

PHILADELPHIA, Aug. 19.—Two men were instantly killed, four probably fatally injured and two others seriously injured yesterday afternoon by the collapse of the cornice on the new building at 475 to 477 north Fifth street. Albert Green and Thomas Lyon, the two men who were killed were at work on the scaffold when the crash came. The heavy cornice fell on them and the debris weighed in on the bricklayers who were at work on the pavement. The men were buried in the debris and it was some time before they were gotten out.

NORRISTOWN, Pa., Aug. 19.—Chas. O. He first cut an artery in his wrist with a watch spring and then hanged himself. James A. Ciemmer is also under sentence of death for complicity in the murder of Mrs. Kaiser and Lizzie de Kalp, the famous "woman in black," also confessed to be an accessory, and is in jail waiting sentence.

CARLIST UPRISING EXPECTED.

All Signs Indicate that the Pretender Will Lose no Time in Making His Threats Good.

LONDON, Aug. 19.—A dispatch from Madrid says Don Carlos' manifesto, proclaiming his right to the throne, and declaring war on the present government, is expected in a few days.

The government ministers assert he will be unable to secure sufficient funds to carry on the revolution, and will have to postpone the uprising.

They think the Carlists will not strike in earnest until spring, but all signs indicate that Don Carlos will lose no time in making his numerous threats good.

The Bodies of the Two Philadelphia Girl Suicides Recovered.

PHILADELPHIA, Aug. 19.—The bodies of Maud Hofnagel and Bessie Foust, the young girls who committed suicide on Tuesday by jumping into the Delaware river together from the deck of a ferryboat were recovered yesterday. Both bodies were bruised and swollen, and came to the surface within a few hours of each other, and a short distance from where they were seen to disappear. There was nothing found on them which added in any way to indicate the motive leading to the double suicide.

En Route for Middletown, Pa.

Stopped by the Strikers.

CLEVELAND, O., Aug. 19.—An attempt was made yesterday to start the American Steel and Wire Co. by bringing 30 Poles into the mill. The new comers were stopped by the strikers and urged to stay away.

DISPATCH FROM GEN. MERRITT

The Official Story of Manila's Fall—Significant Instructions Sent to Gen. Merritt.

WASHINGTON, Aug. 19.—The war department made public yesterday the dispatch of Gen. Merritt, giving the official story of Manila's fall, and also the text of the significant instructions sent to Gen. Merritt Wednesday requiring the insurgents and all others to recognize the authority of the United States in the territory occupied by our forces.

These dispatches were about the only positive development of the day.

No Definite Statement of Casualties.

Nothing has been heard from Gen. Merritt as to the casualties last Saturday except that he estimated the killed and wounded at 50. Another point on which the officials are without definite information is as to the extent of our present authority in the Philippines. Under the peace protocol the United States was given the occupation of Manila, with the bay and harbor, until a permanent disposition of the Philippine question was reached.

But, according to press dispatches, which are so circumstantial as to be credited in most official quarters, Gen. Merritt and Admiral Dewey received the capitulation of the entire Philippine archipelago. There appears to be some doubt, therefore, even among officials, as to whether our present authority and jurisdiction covers Manila only, as provided by the peace protocol or covers all the Philippines, as provided by the reported terms of capitulation to Merritt and Dewey.

Will Await Further Official Information.

There is a disposition to await fuller official information before laying down a policy as to the extent of our jurisdiction
